No 108

## ALBERTA BOUNDARIES

### DISCUSS'D BY THE HOUSE.

The Alberta Bill Under Discussion  
Clause by Clause—New Provinces  
to have Six Senators.

Ottawa, May 10.—The House of Commons after discussing the first clause of the bill giving provincial powers to Alberta passed it shortly before midnight. This clause determined the boundaries and name of the Province. An amendment of McCarthy, Ontario, to move the boundary eastward to include what he considered was all the ranching country, was defeated. McLean, of South York, moved that Athabasca be left out. He wanted this administered by a Territorial Government. He withdrew his amendment to move it on the third reading. Clause 2 was allowed to stand. On clause 3 appointing Senators, Premier Laurier thought there should be a group of 24 Senators for the West, the same as for the East. There were now 24 in the Maritime Provinces, 24 in Quebec, and 24 in Ontario. The fourth group, in the West, would give six to Manitoba, 6 to Saskatchewan, 6 to Alberta, and 6 to British Columbia. What the House now had to do was to deal with the two new provinces, each of which was to get four Senators now and six later on. Parliament could not increase Manitoba or British Columbia Senatorial representation without imperial legislation. The clause giving Alberta four Senators now and six later on passed. The first part of the day was pure obstruction on the part of the Opposition, which Mr. Oliver characterized as guerrilla warfare to block the bill.

## THE RACE PROGRAM

### FOR EDMONTON'S BIG FAIR.

The Events which will be put on for the Entertainment of the Lovers of the Fast Horse.

The race program for Edmonton's big fair, June 23rd, 30th and July 1st has been completed. The following races will be put on.

**First Day.**  
2 minute trot or pace ..... \$ 300.00  
2-4 mile dash, open ..... 200.00  
2-4 mile dash, open ..... 300.00  
1-4 mile pony race, 2 in 3, games 14.2 and under ..... 150.00  
2-30 pace, 2-30 trot ..... 400.00

Free For All, trot or pace, quick record to be beat ..... \$1,000.00  
2-45 pace or 2-40 trot ..... 300.00  
Novelty Race, \$50 each quarter ..... 200.00  
Consolation Race ..... 200.00  
Named Race ..... 300.00

## MADE A NEW STRIKE

### IN THE YUKON GOLD FIELDS.

Claims Jump to Fabulous Values as the Result of a Rich Strike 250 miles from Dawson.

Ottawa, May 2th.—Dr. Alfred Thompson, M.P. of Dawson City, has received news in a letter from the Yukon of a rich strike of placer gold on Klondike a tributary of the Mayo river about 250 miles from Dawson. On No. 84 below discovery, Hector Morris has struck six feet of pay that will average five cents the yard. Claims have jumped from a few hundred dollars up to as high as \$50,000 each. Thomas E. Henry, Harry John and John A. MacDonald are Ottawa boys who have claims in the vicinity of the strike.

GOOD AGENTS FOR THE  
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

## THE SCHOOL CLAUSES.

One of the sanest and most impartial articles which has appeared in connection with the school clause discussion is the following from the Red Deer Advocate:

[We stated some time ago, that we were looking into the controversy on the educational clause of the bill for granting provincial government for the Territories and that we should give our readers the conclusions arrived at. Like many another agitation and controversy, amidst endless talk, and much grunting ink, the greater part of it all has been away from the real point supposed to be at issue, or has been vain repetition. At Ottawa, where the debate has continued for weeks, the rule seems to obtain, that every man must get a chance to deliver his set speech, no matter what its length or irrelevancy. Many papers in the Dominion, notoriously in Toronto, have continued to print great head lines of an appealing or protesting nature, and the use of the cartoon to excite and influence certain minds has been extensively made use of. We issue our protest against much that has been said, written and sketched. The appeal has been made to prejudices which lie near to the surface in almost every human life, to race hatred, to religious bigotry, to bulls, grunts, and such like illustrations, often senseless and witless, have had enormous circulation, each man feeling that the only thing aimed at was a feeling against the Roman grasshopper. No hatred equals the so-called religious kind. Heaven knows as it need not be appealed to and excited, it is too strong and liable to break out in most men, and we set ourselves to condemn much of the Eastern press during this late period, and to say, that while only directing and editing a provincial journal in the far west, we would scorn to use, now, or at any time such weapons as have been used by men who have a reputation in the journalistic world, or to write such obviously misleading matter as we have too often had to read.

As we intimated recently, the storm centre in the time of this educational disturbance has been in the West, chiefly in Toronto, while here, the part of the Dominion mainly concerned, all has been calm, deliberate and unexcited. How is this? Why this outside burning desire to fight for an, and to die in our interests? It is not easy to explain unless by the hypothesis that there is another motive, not our interests only. Can it be said the East understands the conditions of the West better than we do right here on the ground? On the contrary, we confess they do not know the facts—or if they do they hide them—as well as we in the West do, and it is this ignorance of the truth, or suppression of truth, which has done much to obscure the issue, and has given the East the chance to appeal to those passions and prejudices, which we assert, should never be appealed to by any writer or speaker who has a conscience, or any desire to forward the cause of truth.

In the bill to give provincial powers to this proposed province of Alberta—the Bill creating Saskatchewan is practically the same—powers are given over such matters as properly belong to a province, but in the case of education an exception is made. As the bill now stands, the present system of schools in the Territories must continue.

This matter of public education must not be left open and undecided. The controversy raging at one time throughout the settled parts of the Dominion, must not be again stirred up. Sir Wilfrid Laurier believes that he is bound by the provisions of the British North America Act to do as he has done, others believe he is not so bound. Much turns upon the interpretation of the spirit as of the letter of this act, which is an imperial one. No end of discussion has gone on in the House at Ottawa on the constitutional points raised. Probably all that can be said for or against has been said. No one is much the wiser. One point does appear. If Sir Wilfrid is wrongly or rightly advised on the constitutional points, he must be credited with courage in dealing with the subject. Had he done what so many of his opponents called upon him to do, and been silent on this school matter, he would personally have been relieved of a most wearisome and protracted disputation.

Continued on page three.

## The Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba or the Northwest Territories, excepting 8 and 36, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, or 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land

owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3 or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law, is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands, in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Land Agents in Manitoba or the Northwest Territories.

W. W. CORY,

Deputy Minister of the Interior,

N. B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

### THE SCHOOL CLAUSES.

Continued from page two

and of much bitter personal attack. But, as we think with honest intent, and acting with true statesmanship, he took the responsibility upon himself, and has succeeded in giving reason to his political opponents to rage against him as being the foe of sectarianism, and has given to many of his co-religionists much satisfaction.

There is much ignorance shown in the east about our school system. Our system is not theirs. Our system is not the old dual system. Our system is not a system of separate schools at all in the sense in which many use the expression. Probably the best words to use in this connection are "Minority" schools, or "Permissive" schools. Our school system is so far superior in its conception, and so much better in its practical operation, to anything in Ontario that we can politely but confidently suggest to the agitators down there, to set their own house in order before they venture to interfere with ours. What is the system of schools in the Territories? Which seems to us to be about perfection? That there shall be public schools built, staffed and supported as provided by our Territorial ordinance wherever such schools are required. But knowing the mischief of the efficiency of double set of school system, and knowing the bitterness and hatred engendered in old Canada on the matter of religious education, our wise and far seeing representatives in the Territorial assembly, made a simple provision, that where a minority of voters who believe in the benefits of denominational education, wished to have such, and felt that the ordinary public school did not supply all they desired, then they could, as provided, have another school at their own cost and be exempt from the support of the ordinary public school, but the school which they provided for their own children, must be in every sense a public school under the act. Have the same duty qualified teachers, same text books, same curriculum, same standard and rules of examination, must meet the same teaching, and obtain thereby the same aid from Government as other public schools; but, and here is the only point of difference, after half past three o'clock each day, the children may be taught the religion or dogma of the said minority. The ordinary school and the permissive schools are precisely the same up to three-thirty each day. This has worked well, is working well, and let it be carefully noted, no one suggested to alter this system in one jot or tittle, until the agitation began in the East, and even after all this we are perfectly satisfied it is the best, because the

simplest, fairest, and most gratifying under test, we believe of any found in Canada. We do not wish to be misunderstood. We do not ourselves believe in any system of public schools but one. We have contended for one public school system all our days, but in Canada there have been many battles over this question, and taking all things into consideration, we see there has been a compromise, one meant to meet the views of others who think differently to ourselves, of people who believe their children should be under some religious influence. The arrangement is not of our making. We never did see good reason for exceptions in public schools, but Canada did, the several legislatures did, the House of Commons did, and the Imperial Parliament did also. What appears to us now is simply this, on the accepted basis of the parties concerned, a compromise was reached to try to meet all sides, the rights of minorities were respected, and so long as this is the ground upon which education has to be regarded, we think the system now in existence in the Territories, in the least objectionable. Under it no particular sect seems to have any advantage. Generally it has given satisfaction and worked well. Premier Haultain has said that the Territories would, if they had anything to do with it, continue the present system. In the whole of the Territories under a dozen or thereabouts, minority or permissive schools exist. Several of these are small and we believe feeble.

The great cry of "Boycott" does not seem to be more than a bogey to frighten weak persons. We say now deliberately, we see nothing to alarm anyone. We see no sectarian danger. Several of the high clergy of the Roman Catholic church think they have no rights granted them under our system. We do not agree with them. We think the Government has acted wisely in endeavoring to give finality to the basis under which we carry out public school work in this part of Canada. In fact, the quietness of conscience superiority and right. In a short time all this strife will have ended. The Bill will pass. Our school system will continue as it is. We are proud of it, not because we personally think it the best conceivable in theory, but the best practicable under existing circumstances in Canada.

While many guests of the Roman Catholic church may be dissatisfied, we believe most of their dissatisfaction is content. It is regrettable that at the commencement of our provincial life, this attempt to stir up strong passions has been made. We rejoice however to believe that from now onward, we may be outside the influence of great political agitation.

Continued on page six

### Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North West Territories and the Yukon Territory.

**Coal.**—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2800 pounds shall be collected on the gross output.

**Quartz.**—Persons of eighteen years and over and joint stock companies holding "A" miners' certificates may obtain entry for mining locations.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$750 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500 by 1500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof.

When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres. The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

**Placer Mining.** Manitoba and the N. W. T., excepting the Yukon Territory. Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank but not exceeding 1500 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba, and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two claims of five miles each, for a term of twenty years,

renewable in the discretion of the Minister of the Interior.

The locator's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the locator may dredge to high water mark on each alternate leasehold.

The locator shall have a dredge in operation so within one mile from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

**Dredging in the Yukon Territory.**—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The locator's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by a position on the first day of August in the year of the date of the lease.

The locator shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty shall be 2 1/2 per cent.

**Placer Mining in the Yukon Territory.**—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1500 to 2000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within boundaries of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1500 feet in length, and if the party consists of two, 1500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase and free miners may work their claims in partnership by filing notices and paying fee of \$2.50. A claim may be

abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee. Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

**Hydraulic Mining, Yukon Territory.**—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be amenable for placer mining, and does not include within its boundaries any mining already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent, of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unopened land for agricultural and building purposes.

**Petroleum.**—All unappropriated Dominion lands in Manitoba, the North West Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

## THE NEWS OF TO-DAY

## IN CONDENSED DESPATCHES.

Brief items from many sources tell the story of the day's events.

## DISCUSSED FINANCIAL RESOLUTION.

Ottawa, May 8th.—The time of the House was taken up today with a discussion of the financial resolutions of the bill giving provincial status to Alberta. Some verbal amendments were proposed by Mr. Fielding and adopted. The figures were not in any way changed. The resolution was finally adopted in committee and concurred in.

## FOUR CASUALTIES YESTERDAY

Chicago, May 9th.—Both sides claim gains today in the teamster's strike. The rioting was of a sharper character than Saturday's rows, and four men were fatally injured and many others more or less seriously hurt. A force of 1,500 deputy sheriffs are at work assisting the police. All wagons in the city now travel with armed men seated thereon with their rifles cocked.

## GOLD IN NOVA SCOTIA

Sydney, N.S., May 9th.—The Seal Harbor gold belt in Guysboro county is estimated to value \$50,000,000. It is the richest find on the continent.

## A WRECK BUT NO INJURIES

St. John, N.P., May 9th.—An intercolonial express from Halifax to St. John went off the track near Dorchester. The engine rolled over burying the driver under his cab in a marsh but he was dug out uninjured. Cars containing 70 passengers also rolled over and slid down the bank without doing serious injury to anyone.

## TRIED AGAIN AND SUCCEEDED

Winnipeg, May 9th.—Daniel Munroe who tried to commit suicide last week by throwing himself over the parapet of Norwood bridge into the Red river succeeded in accomplishing his object in the Provincial jail today. He borrowed a piece of string for the purpose of fixing his trousers and hung himself in his cell, there-with. The cord was less than two feet in length. He came from Pembroke, Ont.

## G. T. R. HAS A STRIKE

Montreal, May 9th.—Sixty Mechanics at the point St. Charles G.T.P. shops quit work today. This is said to be preliminary to a general machinist strike on the road.

## CIVIC EMPLOYEES ARRESTED

Montreal, May 9th.—Two civic employees of Montreal, C. Trimp and R. Brunet were arrested for forging a cheque for \$500. It is suspected that other large sums have gone the same way.

## SASKATCHEWAN CONSTITUENCIES.

Ottawa, May 10.—The electoral divisions of the new province of Saskatchewan, 25 in all, are as follows: Souris, Oxbow, Moosemound, Whitecourt, Grenfell, Weyburn, Saltcoats, Yorkton, South Quappelle, North Quappelle, Regina City, South Regina, Lauder, Moose Jaw, Maple Creek, Greenwood, Humboldt, Kindersley, Prince Albert, Prince Albert City, Battleford, Saskatoon, Rosetown, Red Berry, Battleford.

## BASEBALL SEASON.

Winnipeg, May 10.—The Northern League baseball season commences May 18th at Winnipeg, with the Maroons and Grand Forks on the diamond.

## GREENWAY'S SISTER DEAD

Kent, Ont., May 10.—The funeral takes place today of Mrs. J. A. Rollins, wife of Dr. Rollins, and sister of Hon. Thos. Greenway. She was 61 years old.

## FIRE IN A FEATHER FACTORY.

Toronto, May 10.—A spectacular fire was caused by the blowing out of a fuse in the mattress room of the Canadian Feather Co. The blaze started with tremendous possibilities. It was a magnificent spectacle, and the total loss will exceed \$13,000. Twenty-five girls were employed in the building, and narrow escapes occurred, several girls fainting in the burning buildings. No fatalities occurred.

## TORNADO SWEEP KANSAS.

Marquette, Kan., May 10.—When darkness fell upon this stricken town last night, it was known that twenty-six lives had been lost in a tornado which did tremendous damage in the vicinity, and that 44 had been injured. Of these thirty-five may die. In several cases entire families have been killed. A night watchman at the railway yards lost his three children and W. P. Nelson and wife and three children were found dead.

## HOW IT SPREADS.

The first package of Dr. Leonard's Hem-Roid (the infallible Pile cure) that was put out went to a small town in Nebraska.  
It cured a case of piles that was considered hopeless.  
The news spread and although this was only two years ago the demand prompted Dr. J. S. Leonard, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.  
It will cure any case of piles. There is a months treatment in each box. Sold for \$1.00, with absolute guarantee.  
It is for sale by druggists, or by The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

#### NEWS OF THE DAY.

Continued from page four

##### ACCIDENTALLY SHOT HIMSELF.

MORRIS, Man, May 10.—James Morris shot himself dead on his farm near this place yesterday, while goose hunting. He had been for thirty years a resident of Morris district and came from Whitchy, Ont., where his wife is at present visiting.

##### BRANDON LADY GETS DAMAGES.

WINNIPEG, May 10.—Mr. Justice Kerwin yesterday in King's Bench, gave judgment against the city of Brandon in favor of Mrs. Alice Chambers, of that city, for four thousand dollars and costs. In September, 1943, her husband was assisting getting a traction engine over First Street bridge with another man. The "hooking" was broken and the engine broke through, turning over backwards and burying the man under the debris twenty feet below, killing them. Mrs. Chambers gets judgment accordingly.

##### FINED UNDER ALIEN ACT.

OTTAWA, May 10.—The International Harvester Co. got a hard rap today for importing a foreigner from Syracuse. The agent of the company was sentenced to one hundred dollars fine and costs or three months in jail.

##### C. P. R. OFFICIALS SHAKEN UP.

OTTAWA, May 10.—The private car of General Manager McNichol of the C. P. R., figured in a glitch today. Mr. McNichol was thrown from his berth and badly shaken up and Mr. Geo. Ham suffered severe contusions about the head.

##### MERTORIOUS SERVICE MENTION.

OTTAWA, May 10.—A. M. Jarvis, N. W. M. P., formerly of the Strathcona Horse, is honorably mentioned in the Gazette for meritorious services in South Africa.

##### ENGLISHMAN SUICIDED.

STRAFFORD, May 10.—An English immigrant named Francis Pitt, aged 32, committed suicide in a fit of despondency. He had only been here a month.

##### BURIED IN A LANDSLIDE.

BOMBAY, India, May 9.—An earthquake was experienced at Bender Abbas, Persia, and fifty were buried in a landslide. Two hundred yards of a mountain collapsed on the town and towers and buildings fell. The

population is encamped outside the town. The neighboring villages also suffered horribly from seismic disturbances.

##### CANUCKS MAY CUT ROOMS.

WASHINGTON, May 10.—The Canadian Government is threatening to send a party to Maine to cut the logbooms which are obstructing the St. John's River which flows through Maine and New Brunswick to the Bay of Fundy. The threat of invasion is taken so seriously that Secretary Taff has asked Hugh Osborne, British Charge D'Affaires, to request Lord Lansdowne to advise the Canadians to do nothing until a joint commission is appointed to settle the matter.

##### MAY HAVE BEEN ROBBED.

A prominent rancher from near St. Emile while in town yesterday became inebriated and caused some disturbance that might very easily have ended seriously. The police heard several revolver shots up on Jasper avenue west about 12 o'clock last night. When they arrived there they found this man lying on the ground with his head standing near a revolver which was lying beside him. He was seen by a small boy who was passing and who was so badly frightened at the sight that he ran home and told his mother. She then called the police. When up in court this morning the drunk was simply fined but the police believe that more underlies the matter than appears at the present time. It is known that he had some money on him when he started for home and that he had none when found. He claims that the gun found beside him was not his.

##### BONUS ON PETROLEUM.

An order in council has been passed authorizing a bonus of 1-1/2c. per gallon for all crude petroleum produced in Canada.

## We Paid \$100,000

For Ligozone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Ligozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it is always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

not kill. The reason is that germs are vegetative; and Ligozone—like an excess of oxygen—is deadly to vegetative matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Ligozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

#### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

THE EDMONTON MUSIC CO.  
L. G. PICARD, Proprietor.

## THE SCHOOL CLAUSES.

Continued from page three

Plans designed to accomplish more than the object so cunningly placed in the foreground. We hate religious strife as we hate the devil, and we are glad to believe that in this case the vigorous attempt to create it has not succeeded so far as the North-West is concerned. We hope to give ourselves to better work and nobler causes.

The great cause of education should not be brought into party politics. We are glad that the West does not treat it, and will not encourage it. It is to every true citizen of this new land, a matter of such satisfaction, that whatever may be said or done about the constitutional points raised in this connection, the whole controversy has gone to confirm and establish the wisdom and desirability of maintaining under the circumstances in which we find the community, the school system now in active and beneficial use in the Territories.

## THE RAILWAY SITUATION

Following was the statement made by Mayor MacKenzie at Monday evening's meeting, setting forth the present condition of the railway negotiations.

In response to the freely expressed wish of the ratepayers of the city of Edmonton to know what the railway situation is at the present time and what the council are doing in that connection we submit the following statement, and though it is admitted that certain particulars as to the negotiations have omitted we trust that it will throw enough light on the subject to convince the citizens of Edmonton that their council fully appreciate the importance of having satisfactory arrangements made between the city and the railway companies, and that their interests in this connection are not being neglected.

On or about March 22nd last Mr. Frank W. Morse, president of the G.T.P. Ry. Co. arrived in Edmonton, presumably for the purpose of completing the agreement between that company and the city of Edmonton,

and very soon two difficulties of a more or less serious nature presented themselves. First: According to the preliminary agreement entered into between the city of Edmonton and the G.T.P. Ry. Co. in December 1901 the city undertook to grant to the said company running rights over the Canadian Northern right of way from Boundary street westward to First street apparently assuming that such running rights could be granted by the city to the G.T.P. Ry. Co. in common with the C.N.R. Investigation, however, revealed the fact that an absolute transfer to the G.T.P. of their right of way had been undertaken by the city and the city was therefore unable to give to the G.T.P. running rights over the same right of way. Second: In the preliminary agreement between the city and the G.T.P. there is a clause by which the city grants the company the right to lay down tracks on the south side of Mackenzie avenue and operate the same as a part of their system. Just prior to the arrival of Mr. Morse a communication reached us from Mr. D. D. Mann protesting against the terms of this clause on the ground that it prejudiced his company's interests and assuring us that if this course were persisted in he would be compelled to fight the case before the railway commissioners. The city council were not disposed to assume the responsibility of executing the agreement with respect to these two points and Mr. Morse on his part seemed willing that we should have time to open up negotiations with the C.N.R. with a view to effecting a remedy. These negotiations have been carried on for some time now, and from them we have learned that certain negotiations are now in progress between the two companies which may have an important bearing on the matters in question. In the opinion of your council it would not be in the best interests either of the railway companies or the city that the particulars of these negotiations be made public but we feel assured that they will result in opening up a way out of our difficulty. In the meantime our city solicitor who is in the east is negotiating with the companies under instructions from the council and we have reason to expect that the result will be satisfactory.

## A Bargain in West End Real Estate

Tenders will be received up to the 5th day of May, A. D. 1906, for the purchase of Lots 4, 5 and 6 in Block 9 of the Hudson's Bay Survey.  
This property is beautifully situated in the South West end of the city between Hardisty and Saskatchewan avenues overlooking the Saskatchewan River and most desirable for two or three residential sites. At the present time there is a large building on the property, formerly used as a dairy, and one or two smaller buildings. The highest or any bidder not necessarily accepted.  
For further particulars apply to W. S. Weeks & Co., agent for owners.

## THE NEW LIVERY

(IN THE OLD STAND)

Napoleon Dumas &amp; Duchesneau

## SUMMING UP

THE principal features of my Pharaoh Cigar are as follows:

- 1.—Cuban filler—I select from the best grown in the Manicagua district in the Province of Santa Clara.
- 2.—Connecticut Broadleaf binder—the most expensive grown.
- 3.—Clear leaf Sumatra wrapper. I import direct from Holland.
- 4.—I do not work any tobacco until I age it at least three years—then the taste and fragrance are fully developed.
- 5.—Each cigar is rolled by hand, under my personal supervision—I secure in Pharaoh a steady, even combustion and a cool, sweet smoke.

**EDMONTON ALTA. CANADA**

**POPULATION** ..... 7,500

**CITY GOVERNMENT:**  
Mayor, K. W. MacKenzie; Aldermen, O. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.

**Conveniences:**—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

**Board of Trade:**—President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, E. T. Fisher.

**Educational Institutions:**—Public and separate schools, high school, Alberta College.

**CHURCHES:**—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

**TRAIN SERVICE:**—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

**LOCAL**

—Train on time.

—Calgary's tax rate is 22 mills.

—Raymer's jewellery store is being repaired.

—Hercula Jarvis sings in the rink on Friday evening.

—Proba: Few scattered showers, but mostly clear. Thursday clear and rain in most localities.

—E. H. Reid and a party of land seekers returned last night from the Penhina district.

—Elm Park, the Norris estate and the K. Powell estate have been subdivided into lots.

—A. E. Voyer has removed his business place to the office of W. S. Weeks & Co.

—During the past few months fifteen Japanese immigrants have located homesteads in township 58, range 19, near Pakan.

—The police are pushing the "clean-up" campaign and improvements are already noticeable in the lanes behind the Jasper avenue business houses.

—Friday being a public holiday there will be no issue of the Daily Bulletin. The Semi-Weekly Bulletin will be printed and mailed to reach subscribers at the usual time.

—The city council resolved last week to meet hereafter on Friday instead of Tuesday evening. As Friday of this week is a holiday there probably will be no meeting until next week.

—The Ladies Hospital Aid are requested to meet at 4 p.m. sharp, on Thursday afternoon. Every member is urged to be present as matters of importance are to come up for consideration.

—Crops throughout the country are reported to be coming up evenly and rapidly. While the country is not suffering from drought, falls of snow or rain would be welcome.

—All who are interested in the organization of a junior base ball club are requested to be on hand at the Hudson Bay grounds this evening at eight o'clock. The meeting and organization will take place at the Michellu Hotel.

—J. A. Storel is offering a prize of a lamp to the party catching the largest fish in the river with a hook and line before July 1st. The fish must be weighed at Storel's hardware, the fisherman to be present with his tackle.

**PERSONAL**

Mrs. J. Armstrong will not receive Thursday of this week.

F. Kitto expects to leave for Ontario next week.

H. W. Fildes left today to take a position on the Hudson Bay Co's. transport in the north.

**BORN**

TRACY—At Strathcona, on Sunday, April 30th, to Mr. and Mrs. Tracy, of Ponoka, a son.

**STRATHCONA WON.**

Strathcona won the exhibition lacrosse game from Edmonton last evening on the Strathcona grounds by a score of 4 to 3. At the end of the first half the score stood 3 to 3 and remained the same at the end of time. Ten minutes more were played and in the last five minutes Strathcona scored another, thereby winning the game, as Edmonton was not able to imitate. The game was well played throughout, with the exception of a lack of good team work. There was a large crowd in attendance. The line-up of the two teams was as follows:

**STRATHCONA** EDMONTON.

Benison	goal	Perrin
Mulvey	point	Harris
D. Cameron	cover point	Morris
A. Richards	first defense	Glass

Our stock is still complete and we can fill any order entrusted to us at once.

Hudson Bay Company

Grand

## Spring Opening

Our new stock is now complete in all lines. By buying directly from manufacturers we can confidently compare prices with any house in Canada, mail order or otherwise. Why send away money when you can see the goods before you buy? Bring along your catalogues and satisfy yourself.

We sell only for cash; this enables us to buy for cash, which certainly places us in a position to outsell all competitors, who still stick to the credit system. Our store has been re-modelled throughout, better lighted, and selling facilities increased in every way. We make it a point to look after the convenience of customers. All parcels will be delivered at once, or, if you live in the country, the goods will be carefully packed so that they can travel any distance.

We handle the Salem shirt for men. The patterns and styles are elegant. If you want to see the newest out see these. We also sell the Salem and Victor shirtwaists for ladies. They are all full sizes and the fit is perfect.

See our ladies' skirts before you buy elsewhere. The highest prices paid for potatoes, butter and eggs.
